What is a custom trip? A custom trip is created expressly for you, compared with an already created pre-set, trip package. With a custom trip, we can create the perfect itinerary by using our extensive experience, worldwide purchasing power and contacts to bypass the tour wholesaler completely. Your individualized vacation consists of pre-vetted hotels and suppliers at prices frequently less than if you were to book on your own or if you were to rely on a pre-designed, mass-market travel package.

What are the benefits of having an F&WT Travel Consultant design your trip?

- You work with a real person to help determine your needs and your budget.
- You won't miss a "must see" attraction due to unfamiliarity with the destination.
- You get the ease of a pre-arranged itinerary but you don't have to travel with people you don't know.
- You have the opportunity to learn about unique and out-of-the-way non-tourist spots.
- You will receive unbiased recommendations from travel counselors who have been there.
- You can receive special services or access to personal, and professional guides.

How can we find out more about an F&WT custom trip?

- To begin researching your trip we require an initial deposit of \$75 to be applied to the overall trip plan. This amount is not refundable if you do not accept the trip proposal.
- Once we have outlined a basic trip plan, we will give you a proposal with an overall planning fee estimate.

If we like the trip proposal what would be the next step?

- Our complete fee structure is \$75 per hour of planning time. You decide how much planning help you need from us.
- If you accept our proposal and planning fee estimate, we can begin to book the accommodations and activities that will make this your dream trip.
- We will present you with a written Trip Plan Itinerary to follow while you travel.
- We are also available to help you make restaurant reservations and schedule activities on your trip.
